Date: _____

1. What is this product about?

Bank Islam Personal Financing-i facility is a secured/non-secured term financing to meet personal financial needs which is calculated based on fixed rate.

2. What is the Shariah concept applicable?

- This financing is applying the Shariah concept of Tawarruq.
- A tawarruq consists of two sale and purchase contracts. The first involves the sale of an asset by a seller to a purchaser on a deferred basis. Subsequently, the purchaser of the first sale will sell the same asset to a third party on a cash and spot basis
- The mechanism of Tawarruq for this product is as follows:
 - (a) The customer purchases the commodity from the Bank on Murabahah (cost plus sale) basis at the Bank's Sale Price. In this arrangement, the purchase will be performed by the Bank as the customer's Purchase Agent.
 - (b) As the Sale Agent for the customer, the Bank shall then sell the commodity to a Commodity Purchaser at cost price. Proceeds from the transaction will be disbursed for customer's utilization.
 - (c) The customer is obliged to pay the amount due from the Murabahah transaction as per the agreed terms.
- "Commodity" means any commodity acceptable to the Bank e.g. palm oil, plastic resin, rubber, cocoa beans, soy beans, timber and metal (excluding gold and silver) traded at any commodity trading platform approved by the Bank. The purchase and sale of the commodity are performed based on the customer's mandate, where Bank as the Purchase and Sale Agent trades the commodity as made available and provided by commodity providers subject to the Bank's prevailing policies.
